Sourcing of Machinery

When a machine is not off the shelf and a bit obscure, Complete Machine Tools has the right contacts and knowledge to source these machines from around the world.

Who we are

Complete Machine Tools have origins dating back to 1979 where the company was based in South Africa under the name of VS Machine Tool Centre. In 1998 Complete Machine Tools was setup in Australia and set down its roots in Queensland where it has been operating since.

Technology

At Complete Machine Tools we believe that the only way forward is to embrace the technology that's available in the world today. This belief is applied to both the machines we sell and the systems we use in house. In 2016 an ERP system was implemented allowing a complete view of financials, sales, purchasing, stock management, project management and service all in a single software package.

Spare Parts

Spare parts are also a crucial consideration when purchasing machinery. At Complete Machine Tools we stock a wide range of spare parts for all our machines which means your machine downtime will be minimal if something goes wrong. With our dedicated service and repair division and the wide range of spare parts kept in stock you can feel confident you are making the right choice.

Pre-Delivery Checks

All machines are thoroughly tested and checked prior to dispatch so you have assurance that the machine will be ready to go once you receive it.

After Sales

After sales support is critical when purchasing machinery. We understand how important it is to have your machine back up and running when a machine breaks down. That is why Complete Machine Tools has its own dedicated service and repair division for fast and reliable maintenance of your machinery. We go to all lengths to fix your machine; regardless of where you are in Australia. We offer servicing in all states for your peace of mind.

Office | Showroom

In 1998 Complete Machine Tools set up shop in Salisbury, Qld and stayed there till 2013. In 2012 a piece of land was purchased in Seventeen Mile Rocks, Qld and building was commenced shortly after. In 2013 Complete Machine Tools relocated to its purpose-built premises where it is now located.

MACHINERY FOR ALL ASPECTS OF METAL WORKING

INDUSTRIES SERVICED:
Engineering
Sheetmetal
Fabrication
Steel Merchants
HVAC

EVERISING  **LINIA**  **VTOP**  **CMT**

OVERVIEW

- | | |
|----------------------------|----------------------------------|
| 1. 2 speed power motor | 11. 4 5MT |
| 2. Automatic tools ejector | 12. 50mm drilling capacity |
| 3. Digital depth display | 13. 24v control panel |
| 4. Drill chuck | 14. Arbor |
| 5. Toolbox & tools | 15. Taper sleeve |
| 6. Keyless drill chuck | 16. Drift |
| 7. Coolant | 17. Eyelet bolts |
| 8. Spindle power feed | 18. Wrench |
| 9. Working lamp | 19. Spindle protection |
| 10. Tapping function | 20. Motorised up / down of table |

SPECIFICATIONS

Max. drilling capacity	50 mm
Threading	M30
Taper of spindle bore	MT5
Spindle travel	180 mm
Step of spindle travel	2
Range of spindle speeds	42-2050 rpm
Spindle power feed	0.07-0.40mm/rev
Width of t-solt	18 mm
Max. distance from spindle axis to surface of column	360 mm
Max. distance from spindle end to surface of table	600 mm
Max. distance from spindle end to surface of base	1200 mm
Table size	410 x 380mm mm
Base size	450 x 440
Motor	2.2 \ 2.8 kw
Dimensions	1010 x 580 x 2330 mm
Gross weight	750 kg
