

## BS-2114TH

- ▶ Saw frame moving up and down automatically
- ▶ Precision and solidity puts it at the forefront of band saws with the possibility of cutting at any angle up to 60 °
- ▶ The guides are equipped with sintered carbides which improve accuracy in series cuts
- ▶ Equipped with a sliding vise with quick clamp, which makes replacing the cut detail really efficient
- ▶ Equipped with a powerful cooling pump for extending the life of blade
- ▶ The stable and refined construction provides the machine with very high rigidity and stability when cutting, which ensures precision cutting and long trouble-free operation
