Mastercut CBS-350 Euro Band Saw

CBS-350 2 speed - 3 Phase 415VAC

An industrial strength band saw with all of the features you will ever need.

Easily adjustable vice with quick locking lever

Error free blade tensioning using the hydraulic blade tension gauge.

Double coolant delivery puts coolant exactly where it is needed both in front and behind the cut to both lubricate the cutting action and wash chips clear of the cutting area.

Blade brush (replaceable) to clean chips from the blade as it operates.

Blade break protection. Micro switch stops the machine if a blade breakage occurs protection both the machine and the operator.

Precision ball bearing type blade guides.

Easy to read gauge bar for repetition measuring small pieces to be cut.

Spring balance saw bow return saves labour.

Large swivel locking mechanism with angle scale and robust

plastic covered lever ensures accurate setting and positive clamping.

Lever operated clamp for left/right vice positioning when mitre cutting
